This is an appeal letter for FRN 2844472 for Managed Internal Broadband Services for FY15, dated on May 19, 2016. We received the FCDL that indicates the denial of discount for all the services because the applicant does not provide sufficient documentation needed to determine the eligibility of the services requested. In the past several months, the school was going through several changes in administration where the Director was changed and the new Director, Carlos Martínez take over all the business of the program. As result to this matter we determine to appeal the decision.

Enclosed you will find the following documents:

- Service Agreement ER-15MW084 for Managed Internal Broadband Services
- Student Survey
- USAC determination of the initial appeal
